

# OUR CEO.

“ I’VE ALWAYS THOUGHT THAT DESIGN CAN HAVE EQUAL IMPORTANCE TO THE IDEA OF INTERNAL ARCHITECTURE. PROFESSIONALLY, THINGS CAN BE VERY DOGMATIC - YOU DO THE ARCHITECTURE, SOMEONE ELSE DOES THE INTERIORS, SOMEONE ELSE DOES THE FURNITURE, THE FABRIC, ETC. BUT I THINK DESIGN IS ALL-ENCOMPASSING. ”

AHMED SHALTOOT. ”

SHALTOOT was a major figure in architecture for decade.

In 1998 he finished his architectural PHD ,

Residential Architect magazine named him one of the 100 top residential architects of the Middle east.

Noting that he "has forever altered the paradigm of architects and planners working to create more liv-able urban and suburban environments"

He is the founder and president of inuerre Architects that was based in Kuwait where his design teams have won more than 300 regional, national, and international design competitions

# INVERSE ULTIMATE TARGET.

“ For over 20 years unuerre have been at the forefront of Architectural commercial architecture. Our work has been well received by clients, peers and the public alike. Our projects have won a number of national awards and professional commendations. We invest fully in each project and commit ourselves to excellence in every facet of the process from concept to completion. Indeed, our goal is simple: to provide excellence in architecture and excellence in service.

This is achieved through a creative approach to project management, care and attention to our clients' needs, investment in our employees, the use of the latest tech.and a shared vision to deliver beyond expectations.

## P A T T E R N   C O N C E P T

We wanted to add a design detail to give an identity to the building , we chose a pattern design that have the infusion of modern & islamic culture, This design is used as an engraving in the building walls and ceiling, Also we used this pattern design as a metal screen infront of most of curtain walls to give a shading element.
